Background

There will be a Pool Rescue carnival at the Burnie Aquatic Centre on Saturday 16th June. The competition, coordinated by Surf Life Saving Tasmania, will offer members the opportunity to compete in short course races, and the event will focus on participation and continued growth in the pool rescue discipline in Tasmania. All clubs are invited to promote and enter a team this year and support the event.

SLST Pool Rescue Carnival

Date: Saturday 16th June 2018
Time: 1.30pm (Warm Up) for 2.00pm Start
Venue: Burnie Aquatic Centre – Terrylands, TAS 7320
Referee: Shane Askew (BSLSC)
Age Groups: Under 11 to Open

Entries:

SLST Club Entries

All clubs are required to enter their competitors online using the Carnival Management System by **11.00pm, Thursday 14th June 2018**. Late entries and changes can also be made on the day. Please note, as stated in the previous Carnival Bulletins, clubs are required to enter competitors in individual events. If you have any questions regarding this, please direct them to Boyd Griggs at State Centre. Please note, Carnival Management System will not allow members to enter who not current members of the 2017/18 Season.

To use the Carnival Management System, go to <http://carnival.sls.com.au/>

Registration on the day:

All clubs **must** report to the designated registration and results area on the morning of the competition no later than 1.30pm.

All SLST entry fees will be payable after the event by invoice to the competing club. The entry fee will be \$15 per competitor (flat rate).

All competitors wishing to compete at the Pool Rescue Carnival must be current financial and proficient members of a Surf Life Saving Club and hold the current awards for their age division.

Age groups will be as per the List of Events from Under 11 to Open. However, age groups may be collapsed or genders combined on the day of competition at the discretion of the event Referee and dependent upon entries numbers. The age group for the season is determined on the day.

Competitors will only be able to compete in their own age groups for individual events. However, competitors are able to move up one age group to make up relays. With a commitment to increasing participation and inclusivity, please ensure that all competitors in the age group in question are included before drawing on younger age competitors. Please be mindful when 'double dipping' as the program of events is quite demanding.

In order for Officials, timekeepers and other helpers to recognise competitors in their age groups please write the competitors age group, e.g. U11, U12, U13, U14, U15, U17, U19, OP, on the top of the left arm with a thick waterproof marker pen.

Briefings & Start Times:

Warm up:	1.30pm

Workforce

Carnival Referee: Shane Askew (BSLSC)

Officials & Timekeepers

All clubs competing at the Pool Rescue Competition **MUST** provide **at least 2** Officials/ timekeepers/ helpers. All workforce will be notified of their appointments and where/ when they will be required during the event. The more timekeepers/ helpers your club can provide; the less time they will have to be on the pool deck.

Helpers in the water

With the potential to run 90 races in one day, it is ever so more important that there are enough helpers, timekeepers and officials available and willing to assist with the organisation and delivery of the day. For certain events, including

Bulletin 18-07

those with manikins, obstacles and other equipment, we will require a number of helpers willing to get wet and be in the water to move and set equipment.

Please email the names of your club Officials/ Timekeepers/ Helpers to Boyd Griggs by 9am, Friday 15th June 2018. Please note, clubs may not be eligible to compete without the required number of officials to support the Referee on the day.

Equipment

All clubs competing at the SLST Pool Rescue Carnival are asked if possible to bring a manikin (if they have one) and 3 rescue tubes (please make sure all club equipment is marked appropriately) to be used by all competitors at the event. As with manpower, the more equipment available to be used will help the day run more smoothly..
