### CIRCULAR DETAILS

#### Overview

The Junior Lifesaver Camp is a three-day live-in program held in October 2025. The camp is designed to provide social and leadership opportunities for youth members (aged 13 to 15) around the state.

Through a fun and empowering environment, participants will have the opportunity to form positive relationships and network amongst clubs, promoting unity within the youth of Surf Life Saving in Tasmania.

Participants will engage in practical team-based activities that encourage vital leadership skills such as critical thinking, problem-solving and effective communication. The development of these leadership qualities not only enhances the capability of youth life savers, but is aimed at providing participants with the confidence, strategies and passion to take on leadership roles within their clubs, Surf Lifesaving, and their community.

As a part of the management or leadership team, your role will be to assist in the preparation and facilitation of the camp. This may be organising activities, equipment and logistics, building the emergency management plan etc. As a person in authority, you will always act according to SLSA and SLST’s policies including Child Safe Policy 6.04.
